Your MyBioPharmacy.com: *“Making Lifelong Wellness Nutrition Easy.”*

Congratulations on setting up your MyBioPharmacy.com web site (MBP.com) providing both customer direct online shopping and toll free ordering by phone! As BioPharma's products are only available through qualified health professionals like yourself, it is important that you make it as easy as possible for them, wherever and always, to follow the *lifelong* wellness nutrition you have recommended. It is also important that your patients be able to refer family and friends to your site if they cannot easily come in and purchase at your office directly.

The SuperFood Solution™

LIFELONG WELLNESS MADE EASY™

Results, Revenues, and Referrals

Your MyBioPharmacy Provides Many Benefits for Your Practice

- 1) For those of you who do not want to inventory and sell directly any or all BioPharma formulas and products, but still want to provide The SuperFood Solution™ option to your clients, your MBP.com is the effortless solution.

- 2) For those of you who do sell directly in your office the products you recommend, your MyBioPharmacy.com allows:
 - them to direct family and friends who do not live in your area to your MyBioPharmacy.com to purchase.
 - a convenient way for clients to continue to order BioPharma's The SuperFood Solution™ formulas when they are no longer seeing you regularly.
 - them to order BioPharma's The SuperFood Solution™ formulas and products when it is difficult for them to come to your office, your office is closed, or you are out of, or not carrying a particular inventory item.

- 3) We post a "Find a Health Provider Location Nearest You" search engine on the Patient Entry homepage at www.nanogreens.com, and you may also get sales from these buyers. We suggest that your staff check your affiliate tracking page, located at www.mybiopharmacy.com/affiliate/login, at least monthly to check for and contact any new patients buying through your MBP web site. These people are already interested in wellness and are potential new patients for you.

Tracking MBP Purchases & Potential New Patients

In order for you to provide the best service to your patients, and thereby benefit from increased results, referrals and revenue for decades to come, it is important that you and your staff take a few minutes to read the following information.

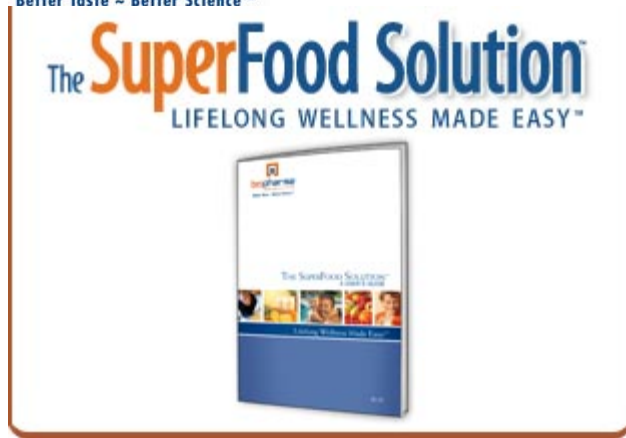

- 1) Remember that your affiliate login URL is: www.mybiopharmacy.com/affiliate/login. We presume you printed out and saved your password and know your four digit Health Professional ID code. If not, you can request it on the affiliate tracking page or e-mail Ian Miller, your MBP affiliate manager, at support@biopharmasci.com, and request your password.
- 2) Second, clear your spam filters to receive e-mail from support@biopharmasci.com and support@mybiopharmacy.com. After you've signed up for your MBP.com, we will be sending weekly one page "lessons" by e-mail for 5 weeks on how to maximize the benefits of your MBP. It is usually best to have your staff read these after they have read this letter first.

Alternately, you can put your MyBioPharmacy.com information on some or all of the BioPharma product brochures* and The SuperFood Solution™ Users Guides** using an address label. The information you want is:

- your URL: www.mybiopharmacy.com/a/#####,
- the Toll Free phone number, 1-877-772-4362, and
- your four digit Health Professional ID code #####.

Make sure all your clients know about your MyBioPharmacy.com before they stop coming in regularly. Also do the same when they inquire about how their out of town friends and family can purchase the SFS products. Over the months and years your MyBioPharmacy.com can also grow to providing thousands of dollars a month worth of professional quality superfood nutrition just because you have made following *lifelong* wellness nutrition easy!
